REPORT OF AUDITOR

February 18, 1963

Board of Selectmen
Town of Harpswell
Harpswell, Maine

Gentlemen:

In accordance with Chapter 91, Section 142 of the Revised Statutes of 1954, we have audited the financial records of the Town of Harpswell for the fiscal year ended December 31, 1962.

This examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting and included all procedures which were considered necessary in the circumstances.

The results of the audit are disclosed in the exhibits and schedules embodied in this report, and fairly present the financial position of the Town of Harpswell, and the results of its operations for the municipal year ended December 31, 1962.

Respectfully submitted,

L. EVERETT OUTHOUSE

TOWN OF HARPSWELL

COMMENTS

CASH BALANCE

The General Fund Cash on Deposit in the First National Bank of Brunswick, was reconciled with the bank statement, and a written confirmation of the balance was made directly with the bank, also the savings account balances for the Capital Reserve Fund.

UNCOLLECTED TAXES AND TAX DEEDS

Unpaid taxes and tax liens at December 31, 1962 were verified by written confirmation, to the extent deemed necessary, at the time of audit.

GENERAL

The procedure for keeping the municipal records of the Clerk-Treasurer and Tax Collector was examined and found to be adequate and in compliance with the General Laws of the State of Maine, as required of the several officers mentioned.

The selectmen do not keep a double entry set of books, but keep a very accurate record of all checks drawn and disbursed.

SCOPE OF AUDIT

This audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as to the handling of cash and other matters of financial concern. External verifications, were utilized to determine the correctness of Assets and Liabilities.

Receipts, vouchers and cancelled checks were examined for a selected period. Bond and insurance coverages were examined. Excise tax collections, for a selected period, were verified with copies of the receipts retained by the Tax Collector. copies of the receipts retained by the Tax Collector.

ANNUAL REPORT OF PUBLIC HEALTH NURSING
SERVICES IN HARPSWELL

For the Year 1962

The purpose of modern public health nursing is to guide in individuals and families to use the information that science has developed to keep well or to recover from sickness.

To achieve this, the nurse worked with volunteers to plan for immunizations and medical examinations at child health conferences and school. She visited mothers before and after the birth of their babies. She visited persons at the request of their doctor to help them follow medical directions, or to refer them to the care of other doctor specialists at local and state clinics. She gave nursing care to patients in their home. She helped families secure the benefits of speech and physical therapists, psychologists, psychiatrists, nutritionists, and social workers. Health activities were planned with the cooperation of the selectmen, school personnel and volunteers interested in the community's health.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and citizens of Harpswell:

I submit herewith my annual report for the schools of Harpswell.

Enrollment:

The total school enrollment in the Town of Harpswell shows only a slight change over that of last year. The number of pupils at the Harpswell Island School shows a small increase, the number at the West Harpswell School is practically unchanged, while the number of pupils at the North Harpswell School shows an appreciable increase. The total increase at this school was twelve pupils and it has become necessary to separate the children in this school into two groups.

To do this required the procuring of another room and the Grange Hall at North Harpswell was secured. This Hall now houses the sub-primary class of seventeen pupils. This increase in the number of pupils at the North Harpswell School is one that we can expect to continue for the next five years according to a survey made by the members of the School Committee of the births which have occurred in that section of town in the past five years. It should also be pointed out that this is a temporary classroom that can be closed at any time by the State.

Personnel:

It was necessary to find replacements for four teachers in Harpswell this year plus a teacher for the room created by overcrowding at North Harpswell.

To fill the vacancy created by Mr. Melville Hanson to teach nearer his home this year the School Committee elected Mr. Peter Williams, teaching principal of the West Harpswell School. Mr. Williams attended Farmington State Teachers College for two years, taught two years in Kittery, Maine and graduated from the University of Maine in Portland.

Mrs. Harrietta King retired from teaching at the North Harpswell School and her position was accepted by Mrs. Barbara Barton, a graduate of the University of Maine. Mrs. Barton had taught two years previously in Brunswick.

Mrs. Mary Neal replaced Mrs. Eva Warren at the Harpswell Islands School in grade 2. Mrs. Neal graduated from Allen Uni-

versity in Columbia, South Carolina and did further study at Bank Street College in New York City.

Mr. Arno Livingston, a graduate of Gorham State Teachers College replaced Mrs. Ada Wilson as a teacher in grade 6, and is teaching general science and social studies in the departmentalized program at the Harpswell Islands School.

Mrs. Patricia Moody accepted the position of teacher of the sub-primary class at the Grange Hall. Mrs. Moody graduated from Gorham State Teachers College and has previously taught two years at Lisbon Falls.

Building:

Now that the pupils in the eastern section of Harpswell can attend school in a single building where single classes exist in a single room, attention of the townspeople should be focused on the western area of town where a similar project, at least in part, needs consideration. A recently conducted survey has shown that the number of pre-primary children who will be entering school in the next five years far exceeds the number that can be taught successfully in three grades in a single room. To solve this problem on a temporary basis we have rented space at the Grange Hall and procured a teacher for them. This reduces the number of pupils in the North Harpswell School to a reasonable number that can be taught in grades one and two. The number in the grades at West Harpswell continues to be reasonable and conditions will continue that way unless some unforeseen problems arise.

It should be noted, however, that there are too few pupils in any one grade at the North and West Harpswell Schools to provide for a single grade per teacher, and costs would be prohibitive if any attempt were made to provide such service. There can be no question that it would be more economical to operate a single school than to operate two or three separate schools. I would urge therefore that serious thought be given to the construction of a single school on Harpswell Neck that would care for all children from sub-primary through grade 8.

In conclusion I express my sincere thanks to the Superintendenting School Committee for their time and help in providing an improved learning situation in the schools of Harpswell.

Respectfully submitted,

GWYETH T. SMITH
